Dear Mr. Walker:

RE: Final Fall 2021 Board Policies Updates

It has been a pleasure working with you and Greenspire School's Board of Directors to prepare the Fall 2021 Board Policies updates for your school. We know that each update takes time and thoughtful review to make sure that every policy is the right fit. At the Institute, we believe that this is time well-spent. We hope that you share in this belief and that the experience was valuable to you.

Our team at the Institute has finalized your Board's policies for you. Final copies of updated policies are attached, as well as an updated copy of your complete Board Policies Manual for your convenience. Also, to ensure that everyone at your school has easy access to them so they can provide clear direction and guidance for your school, your policies are available anytime through Epicenter. Please do not hesitate to contact us if you need help signing onto your Epicenter account, I have provided the Board login below.

As always, please know that we're always here to support you. Please don't hesitate to call your associate, Mrs. Peggy Yates, or me if you ever need our support or if we can be of assistance with your next board retreat or planning session. We would be honored to help out.

Again, thank you for your work with the Institute. We look forward to our continued work together.

Sincerely,

0166 **Agenda**

The Superintendent shall prepare and submit to each Board member a written agenda prior to each regular meeting and each special meeting, unless otherwise directed by the Board. The agenda shall list the various matters to come before the Board and shall serve as a guide for the order of procedure for the meeting. Individual Board members may include items on the agenda upon the concurrence of the Board President.

The agenda of the regular monthly meeting or special meetings shall be accompanied by a report from the Superintendent on information relating to the School with such recommendations as s/he shall make.

Each agenda shall contain the following statement:

"This meeting is a meeting of the Board of Education in public for the purpose of conducting the School's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in agenda item ____."

Any person or group wishing to place an item on the agenda shall register their intent with the Superintendent no later than seven (7) days prior to the meeting and include:

- A. name and address of the participant;
- B. group affiliation, if and when appropriate;
- C. topic to be addressed.

Such requests shall be subject to the final approval of the Superintendent or the Board President.

Denial of the opportunity to have an item placed on the agenda will not preclude an individual or group from the opportunity to speak during the public participation portion of the meeting.

The agenda for each regular meeting shall be mailed or delivered to each Board member so as to provide proper time for the member to study the agenda. Generally, the agenda should be e-mailed no later than three (3) days prior to the meeting, or delivered so as to provide time for the study of the agenda by the member. The agenda for a special meeting shall be

delivered at least twenty-four (24) hours before the meeting, consistent with provisions calling for special meetings.

The Board shall transact business according to the agenda prepared by the Superintendent and submitted to all Board members in advance of the meeting. The order of business may be altered and items added at any meeting by a majority vote of the members present.

0166.1 **Consent Agenda**

The Board of Education shall use a consent agenda to keep routine matters within a reasonable time frame.

The following routine business items may be included in a single resolution for consideration by the Board.

- A. minutes of prior meetings
- B. bills for payment
- C. hiring of personnel
- D. resolutions that require annual adoption, such as bank signatories, Michigan High School Athletic Association membership, etc.
- E. resignations and leaves

A member of the Board may request any item to be removed from the consent resolution and defer it for a specific action and more discussion. No vote of the Board will be required to remove an item from the consent agenda. A single member's request shall cause it to be relocated as an action item eligible for discussion. Any item on the consent agenda may be removed and discussed as a nonaction item or be deferred for further study and discussion at a subsequent Board meeting if the Superintendent or any Board member thinks the item requires further discussion.

0167 **Conduct**

0167.1 **Voting**

All regular and those special meetings of the Board at which the Board is authorized to perform business shall be conducted in public. No act shall be valid unless approved at a meeting of the Board by a majority vote of the members elected or appointed to and serving on the Board who are authorized to vote (see Voting as defined in Bylaw 0100) and a proper record made of the vote. Meetings of the Board shall be public and no person shall be excluded therefrom. MCL 380.1201

Unless specifically authorized by Michigan conflict of interest laws, any Board member's decision to abstain shall be recorded and be deemed to acquiesce in the action taken by the majority. Failure to vote, absent a statutory exception or other reasonable ethical basis, constitutes a breach of the Board member's duty as a public official. In situations in which a specified number of affirmative votes are required and abstentions have

been noted, the motion shall fail if the specified number of affirmative votes have not been cast. In situations in which there is a tie vote and the abstention represents the deciding vote, the motion shall fail for lack of a majority. 184 Mich App 681, 684 (1990)

All actions requiring a vote may be conducted by voice, show of hands, or roll call provided that the vote of each member be recorded. Proxy voting shall not be permitted. If a vote is not conducted by roll call, any member may request a roll call vote.

0167.2

Closed Session

The Board may by means of a roll call vote meet in a closed session, one closed to the public, for the following purposes:

- A. to consider the dismissal, suspension, or disciplining of, or to hear complaints or charges brought against, or to consider a periodic personnel evaluation of, a public officer, staff member, or individual agent, if the named person requests a closed hearing (a majority vote is required)
- B. to consider the dismissal, suspension, or disciplining of a student only if the student or student's parents request a closed hearing (a majority vote is required) (Also see Bylaw 0169, Student Disciplinary Hearings)
- C. to consider the purchase or lease of real property up to the time an option to purchase or lease that real property is obtained (a two-thirds (2/3's) vote is required)
- D. to consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body (a two-thirds (2/3's) vote is required)
- E. to consider materials exempt from discussion or disclosure under State or Federal statute, including by way of example only, written opinions of legal counsel, and school safety plans (a two-thirds (2/3's) vote is required)
- F. to consider security planning to address existing threats or prevent potential threats to the safety of the students or staff. (a majority vote is required)

0167.3

Public Participation at Board Meetings

In keeping with the confidential nature of closed sessions, no member of the Board shall disclose the content of discussions that take place during such sessions. The only exceptions will be discussions with the School's legal counsel or as directed by an order of a court with proper jurisdiction.

It is expected that Board members shall not record nor communicate by any means, electronic or otherwise, with party or parties outside such meetings regarding the substance of such meetings either during or after the course of such meetings.

MCL 15.267, 15.268

The Board of Education recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on School matters.

To permit fair and orderly public expression, the Board shall provide a period for public participation at public meetings of the Board and publish rules to govern such participation in Board meetings and in Board committee meetings. The rules shall be administered and enforced by the presiding officer of the meeting.

The presiding officer shall be guided by the following rules:

- A. Public participation shall be permitted as indicated on the order of business.
- B. Anyone with concerns related to the operation of the schools or to matters within the authority of the Board may participate during the designated public participation portion (s) of a meeting.
- C. Attendees must register their intention to participate in the public participation portion of the meeting upon their arrival at the meeting.
- D. Participants must first be recognized by the presiding officer.
- E. Each statement made by a participant shall be limited to three (3) minutes duration.
- F. During the portion of the meeting designated for public participation, no participant may speak more than once.
- G. Participants shall direct all comments to the Board and not to staff or other participants.
- H. The presiding officer may:
 - 1. interrupt, warn, or terminate a participant's session when they make comments that are repetitive, obscene, and/or comments that constitute a true threat (i.e., statements meant to frighten or intimidate one (1) or more specified persons into believing that they will be seriously harmed by the speaker or someone acting at the speaker's behest);
 - 2. request any individual to stop speaking and/or leave the meeting when that person behaves in a manner that is disruptive of the orderly conduct and/or orderly progress of the meeting;

3. request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting;
4. call for a recess or an adjournment to another time when the lack of public decorum so interferes with the conduct and/or orderly conduct of the meeting as to warrant such action;
5. waive these rules.
 - a. with the approval of the Board when necessary for the protection of privacy or the administration of the Board's business.
- I. The portion of the meeting during which the participation of the public is invited shall be limited to fifteen (15) minutes but the timeframe will be extended, if necessary, so that no one's right to address the Board will be denied.
- J. The Board may permit individuals to attend meetings remotely through live broadcast; however, public participation will be limited to those who are in attendance at the meeting site only. The Board is not responsible for any technology failures that prevent or disrupt any individual from attending remotely.

Audio or video recordings are permitted subject to the following conditions:

- A. No obstructions are created between the Board and the audience.
- B. No interviews are conducted in the meeting room while the Board is in session.
- C. No commentary, adjustment of equipment, or positioning of operators is made that would distract either the Board or members of the audience while the Board is in session.

The person operating the recorder should contact the Superintendent prior to the Board meeting to review possible placement of the equipment.

MCL 15.263(4)(5)(6), 380.1808

0167.4 **Administrative Participation**

The Superintendent and those administrators directed by the Superintendent shall attend all meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

0167.5 **Use of Electronic Mail**

Since E-mail is a form of communication that could conflict with the Open-Meetings Law, it will be used to conduct business of the Board only for the

purposes of communicating:

- A. messages between Board members or between a Board member and employee(s) which do not involve rendering a decision on matters pending before the Board;
- B. possible agenda items between the Superintendent and the Board President;
- C. times, dates, and places of regular or special Board meetings;
- D. a Board meeting agenda or public record information concerning items on the agenda;
- E. requests for public record information from a member of the administration, school staff, or community pertaining to School operations;
- F. responses to questions posed by members of the public, administrators, or school staff.

Under no circumstances shall Board members use E-mail to discuss among themselves Board business that is only to be discussed in an open meeting of the Board, is part of an executive session, or could be considered an invasion of privacy if the message were to be monitored by another party.

There should be no expectation of privacy for any messages sent by E-mail. Messages that have been deleted may still be accessible on the hard drive, if the space has not been occupied by other messages. Messages, deleted or otherwise, may be subject to disclosure under the Freedom of Information Act, unless an exemption would apply.

0167.6 **Use of Social Media**

Social Media, as defined in Bylaw 0100, shall not be used to conduct any form of Board business.

0168 **Minutes**

0168.1 **Open Meeting**

The Secretary, or a temporary secretary appointed by the presiding officer, shall designate a person to keep minutes of each meeting showing the date, time, place, members present, members absent, any decisions made at a meeting open to the public, and the purpose or purposes for which a closed session is called. These minutes must be approved by the Board and endorsed by the Secretary at the next meeting. The minutes shall include all roll-call votes taken at the meeting. Proposed minutes shall be available for public inspection not later than eight (8) business days after the meeting to which the minutes refer. Approved minutes shall be available for public inspection not later than five (5) business days after the meeting at which the minutes are approved. The minutes shall be available for inspection at the Superintendent's office and shall be available for purchase at a fee estimated by the business office to cover the cost of printing and copying.

The Board Secretary shall not include in or with its minutes any personally identifiable information on any student of the School which if released, would prevent the public body from complying with the Family Educational Rights and Privacy Act of 1974.

The official minutes shall be bound together by years and kept in the office of the Board of Education.

Minutes of the preceding meetings shall be approved by the Board as its first order of business at its next meeting.

The minutes shall show only action taken, and if requested, remarks of Board Members, administration, and/or citizens present.

MCL 15.269, 380.1201

0168.2 **Closed Meeting**

The Board shall designate a person to keep separate minutes of each closed meeting of the Board. These minutes shall be retained by the Secretary of the Board, but shall not be available to the public and shall only be disclosed if required by a civil action filed under MCL 15.270 et seq. These minutes may be destroyed one (1) year and one (1) day after approval of the minutes of the regular meeting at which the closed session was approved.

MCL 15.267, 15.269, 15.270-71, 15.273

0168.3 **Committee Meetings**

Any Board committee, whether standing or appointed ad hoc, which exercises governmental or proprietary authority must comply with the Open Meetings provisions in 0168.1 and 0168.2, and Public Participation provisions in 0167.3. Committees that are empowered to take action, make recommendations or otherwise deliberate in place of the Board are subject to this requirement.

0169 **Student Disciplinary Hearings**

0169.1 **Closed Session Requested**

If parent or student requests a closed hearing, a vote must be taken. The purpose of the closed session should be announced: "To consider a student disciplinary matter, pursuant to the request of the parent/guardian" (**NOTE: Do not use the name since that could identify the student**). A majority is required to go into a closed session.

Those invited into closed session should include the student, parent(s) and/or representative(s) and school administrator(s) bringing charges. Others may be admitted at Board discretion, if needed for the proceeding or at the request of student/parents.

Witnesses should be admitted when needed to testify. They should be asked to leave the closed session after testifying. Witnesses may be required to affirm that they will tell the truth.

The Administration should present a summary of the requested discipline and an overview of the incident(s) supporting discipline. The Administration shall call and question witnesses as it determines appropriate. The administrator may testify as a witness to the results of his/her investigation of the incident and the student's past record.

The student, parent, or representative (only one (1)) should be allowed to ask the witness(es) questions related to issues reasonably related to the discipline. Additional questioning by the Administration, the student/representative and/or the Board may be allowed at the Board's discretion.

The student, parent, or representative may then present witnesses or statements to the Board. The Administration and/or the Board may ask questions of these individuals. The Board may allow additional questioning at its discretion.

When the presentation of evidence is concluded, the Board will deliberate. It may exclude both the Administration and the student and representatives, or allow both sides to remain. If the Board desires clarification of any testimony during its deliberation, it shall assure that both the Administration and the student are present to hear the information.

The Board shall not take any action in the closed session. To act on the discipline the Board must return to open session. This requires a majority vote.

During the open session the name of the student shall not be used in voting on the discipline, to protect student privacy under the Federal Family Educational Rights and Privacy Act. The student may be referred to by a Code Number or Pseudonym (i.e. Student A). Only the reference code shall be indicated in the Board minutes, NOT the student's actual name. The reference code shall be listed in the student's discipline file.

If, at any time during the hearing, the student, parent or authorized representative withdraws the request for a closed hearing, the matter shall proceed under the open hearing provisions.

0169.2

Open Hearing

If the student, parent or authorized representative does not request a closed hearing, the Board must still assure that the Family Educational Rights and Privacy Act is not violated.

The parents (or student if eighteen (18) or older) should sign an authorization to release student record information to allow discussion of the student's information in the public forum (Form 8330 F4). If the parents refuse to sign the authorization or information relating to other students must be presented at the hearing, it should be done anonymously by

referring to students by Code Numbers or Pseudonyms. If this is not possible, then the Board may go into closed session to receive student identifiable information pursuant to a two-thirds (2/3's) roll call vote for the announced purpose of "Considering material exempt from discussion or disclosure by State or Federal law."

In all other respects the hearing shall proceed as outlined under the Closed Hearing.

The Board must deliberate and act on the discipline in open session. The student, parents, administration and public will be allowed to be present. Students/parents who have not authorized disclosure to the public will not be mentioned by name during deliberations, but only by anonymous reference code. Any action must be by a vote of the Board in open session. If the student/parents have signed an authorization for public disclosure, then the student's name may be used in the motion and recorded in the Board minutes.

COST PRINCIPLES - SPENDING FEDERAL FUNDS

The Superintendent is responsible for the efficient and effective administration of grant funds through the application of sound management practices. Such funds shall be administered in a manner consistent with all applicable Federal, State and local laws, the associated agreements/assurances, program objectives and the specific terms and conditions of the grant award.

Cost Principles

Except where otherwise authorized by statute, costs shall meet the following general criteria in order to be allowable under Federal awards:

- A. Be necessary and reasonable for proper and efficient performance and administration of the Federal award and be allocable thereto under these principles.

To determine whether a cost is reasonable, consideration shall be given to:

1. whether a cost is a type generally recognized as ordinary and necessary for the operation of the School or the proper and efficient performance of the Federal award;
2. the restraints or requirements imposed by such factors as sound business practices, arm's length bargaining, Federal, State, local, tribal and other laws and regulations;
3. market prices for comparable goods or services for the geographic area;
4. whether the individuals concerned acted with prudence in the circumstances considering their responsibilities; and
5. whether the cost represents any significant deviation from the established practices or Board policy which may unjustifiably increase the expense.

While Federal regulations do not provide specific descriptions of what satisfies the "necessary" element beyond its inclusion in the reasonableness analysis above, whether a cost is necessary is determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the School can demonstrate that the cost addresses an existing need, and can prove it.

When determining whether a cost is necessary, consideration may be given to whether:

- a. the cost is needed for the proper and efficient performance of the

- grant program;
- b. whether the cost is identified in the approved budget or application;
- c. whether there is an educational benefit associated with the cost;
- d. whether the cost aligns with identified needs based on results and findings from a needs assessment;
- e. whether the cost addresses program goals and objectives and is based on program data.

A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received. This standard is met if the cost: is incurred specifically for the Federal award; benefits both the Federal award and other work of the School and can be distributed in proportions that may be approximated using reasonable methods; and is necessary to the overall operation of the School and is assignable to the Federal award in accordance with cost principles mentioned here.

- B. Conform to any limitations or exclusions set forth in the cost principles in Part 200 or in the terms and conditions of the Federal award.
- C. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the School.
- D. Be accorded consistent treatment. A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to a Federal award as an indirect cost under another award.
- E. Be determined in accordance with generally accepted accounting principles.
- F. Be representative of actual cost, net of all applicable credits or offsets.

The term “applicable credits” refers to those receipts or reductions of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the State relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate.

- G. Be not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such.
- H. Be adequately documented:
 - 1. in the case of personnel services, the Superintendent shall implement a system for School personnel to account for time and efforts expended on grant funded programs to assure that only permissible personnel expenses are allocated;

2. in the case of other costs, all receipts and other invoice materials shall be retained, along with any documentation identifying the need and purpose for such expenditure if not otherwise clear.
- I. Be incurred during the approved budget period.

The budget period means the time interval from the start date of a funded portion of an award to the end date of that funded portion during which recipients are authorized to carry out authorized work and expend the funds awarded, including any funds carried forward or other revisions pursuant to the law. Prior written approval from the Federal awarding agency or State pass through entity may be required to carry forward unobligated balances to subsequent budget periods, unless waived.

Selected Items of Cost

The Superintendent shall follow the rules for selected items of cost at 2 C.F.R. Part 200, Subpart E when charging these specific expenditures to a Federal grant. When applicable, Superintendent shall check costs against the selected items of cost requirements to ensure the cost is allowable. In addition, State, School and program-specific rules, including the terms and conditions of the award, may deem a cost as unallowable and School personnel shall follow those rules as well.

The following rules of allowability must apply to equipment and other capital expenditures:

- A. Capital expenditures for general purpose equipment, buildings, and land are unallowable as direct charges, except with the prior written approval of the Federal awarding agency or pass-through entity.
- B. Capital expenditures for special purpose equipment are allowable as direct costs, provided that items with a unit cost of \$5,000 or more have the prior written approval of the Federal awarding agency or pass-through entity.
- C. Capital expenditures for improvements to land, buildings, or equipment that materially increase their value or useful life are unallowable as a direct cost except with the prior written approval of the Federal awarding agency, or pass-through entity.
- D. Allowability of depreciation on buildings, capital improvements, and equipment shall be in accordance with 2 CFR 200.436 and 2 CFR 200.465.
- E. When approved as a direct cost by the Federal awarding agency or pass-through entity under Sections A-C, capital expenditures will be charged in the period in which the expenditure is incurred, or as otherwise determined appropriate and negotiated with the Federal awarding agency.
- F. If the Academy is instructed by the Federal awarding agency to otherwise dispose of or transfer the equipment, the costs of such disposal or transfer are allowable.

Cost Compliance

The Superintendent shall require that grant program funds are expended and are accounted for consistent with the requirements of the specific program and as identified in the grant application. Compliance monitoring includes accounting for direct or indirect costs and reporting them as permitted or required by each grant. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs, but may not be double charged or inconsistently charged as both.

Determining Whether a Cost is Direct or Indirect:

- A. Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

These costs may include: salaries and fringe benefits of employees working directly on a grant-funded project; purchased services contracted for performance under the grant; travel of employees working directly on a grant-funded project; materials, supplies, and equipment purchased for use on a specific grant; program evaluation costs or other institutional service operations; and infrastructure costs directly attributable to the program (such as long distance telephone calls specific to the program, etc.). Direct costs may also include capital expenditures if approved by the Federal awarding agency or pass-through entity, as well as capital expenditures for special purpose equipment with a unit cost of less than \$5,000.

- B. Indirect costs are those that have been incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs.

These costs may include: general data processing, human resources, utility costs, maintenance, accounting, etc.

Federal education programs with supplement not supplant provisions must use a restricted indirect cost rate. In a restricted rate, indirect costs are limited to general management costs. General management costs do not include divisional administration that is limited to one component of the School, the Board, compensation of the Superintendent, compensation of the chief executive officer of any component of the School, and operation of the immediate offices of these officers.

The salaries of administrative and clerical staff should normally be treated as indirect costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

1. Administrative or clerical services are integral to a project or activity.
2. Individuals involved can be specifically identified with the project or activity.
3. Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency.

4. The costs are not also recovered as indirect costs.

Where a Federal program has a specific cap on the percentage of administrative costs that may be charged to a grant, that cap shall include all direct administrative charges as well as any recovered indirect charges.

Effort should be given to identify costs as direct costs whenever practical, but allocation of indirect costs may be used where not prohibited and where indirect cost allocation is approved ahead of time by the Michigan Department of Education (MDE) or the pass-through entity (Federal funds subject to 2 C.F.R. Part 200 pertaining to determining indirect cost allocation).

Equipment and other capital expenditures are unallowable as indirect costs.

Timely Obligation of Funds

Financial obligations are orders placed for property and services, contracts and subawards made, and similar transactions that require payment. This term is used when referencing a recipient's or subrecipient's use of funds under a Federal award.

The following list illustrates when funds are determined to be obligated under the U.S. Department of Education ("USDOE") regulations:

If the obligation is for:

- A. Acquisition of property - on the date which the School makes a binding written commitment to acquire the property.
- B. Personal services by an employee of the School or Educational Service Provider - when the services are performed.
- C. Personal services by a contractor who is not an employee of the School on the date which the School makes a binding written commitment to obtain the services.
- D. Performance of work other than personal services - on the date when the School makes a binding written commitment to obtain the work.
- E. Public utility services - when the School receives the services.
- F. Travel - when the travel is taken.
- G. Rental of property - when the School uses the property.
- H. A pre-agreement cost that was properly approved by the Secretary (USDOE) under the cost principles in 2 C.F.R. Part 200, Subpart E - Cost Principles - on the first day of the project period.

Period of Performance

All financial obligations must occur during the period of performance. Period of performance means the total estimated time interval between the start of an initial Federal award when the School is permitted to carry out the work authorized by the grant and the planned end date. The period of performance may include one or more funded portions or budget periods. The period

of performance is dictated by statute and will be indicated in the grant award notification ("GAN"). As a general rule, State-administered Federal funds are available for obligation within the year that Congress appropriates the funds for. However, given the unique nature of educational institutions, for many Federal education grants, the period of performance is twenty-seven (27) months. This maximum period includes a fifteen (15) month period of initial availability, plus a twelve (12) month period for carryover. For direct grants, the period of performance is generally identified in the GAN.

In the case of a State-administered grant, financial obligations under a grant may not be made until the application is approved or is in substantially approvable form, whichever is later. In the case of a direct grant, a grantee may use grant funds only for obligations it makes during the grant period, unless an agreement exists with the awarding agency or the pass-through entity (e.g., MDE) to reimburse for pre-approval expenses.

If a Federal awarding agency or pass-through entity approves an extension, or if the School extends under C.F.R. 200.308(e)(2), the Period of Performance will be amended to end at the completion of the extension. If a termination occurs, the Period of Performance will be amended to end upon the effective date of termination. If a renewal is issued, a distinct Period of Performance will begin.

For both State-administered and direct grants, regardless of the period of availability, the School shall liquidate all financial obligations incurred under the award not later than ninety (90) days after the end of the funding period unless an extension is authorized. Any funds not obligated within the period of performance or liquidated within the appropriate timeframe are said to lapse and shall be returned to the awarding agency. Consequently, the Superintendent shall closely monitor grant spending throughout the grant cycle.

STUDENT FEES, FINES, AND SUPPLIES

Reference: MCL 388.1904 [Suggested/Referred to, but not required]

Fees

The Board of Education may assess certain fees to pay the costs for extra-curricular and noncredit activities. Such fees might be made for expendable items such as magazines, workbook materials, paperback selections, laboratory supplies, materials for clubs, independent study or special projects, transportation costs, and admission/participation fees for School-sponsored trips and activities.

If an eligible student enrolled in an eligible course offered by a career and technical preparation program does not complete the course, other than for reasons related to a family or medical emergency, the student shall repay to the School any funds expended by the School for the course that are not refunded by the career and technical preparation program, and may also be subject to such sanctions as are provided for in guidelines prepared by the School administration.

No student, however, shall be deprived of participation in any mandatory school activity or required curriculum activity due to a lack of financial ability to pay. Fees will not be charged for such activities. Extra-curricular activities for which fees will be charged may not be used in determining credit or grades in any course.

A fee shall not exceed the combined cost of the service(s) provided and/or materials used. An accurate accounting of all fees collected and all fees expended shall be provided to the Superintendent (or his/her designee) for each fee-based activity, at the conclusion of the activity, along with a record of the remission of any fees not expended.

Fines

When School property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine will be assessed. The fine will be reasonable, seeking only to compensate the School for the expense or loss incurred. The late return of borrowed books or materials from the School libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

Any fees or fines collected by members of the staff are to be given to the Superintendent within twenty-four (24) hours after collection.

In the event the above course of action does not result in the collection of the fee or fine, the Board authorizes the Superintendent to take the student and/or his/her parents to Small Claims Court for collection.

Supplies

The School will provide all basic supplies needed by the student to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or to conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies.

Payment

For convenience to families, the Board may enter into an agreement with one or more credit card/online payment processing vendors to facilitate online payment of fees, fines, and charges. Parents/guardians or students may elect but are not required to make payments online. Vendors will comply with all Board policies and procedures related to confidentiality and security of information transmitted electronically. Payees will be notified of any processing or other nominal fees that may be charged for use of an online payment system before the transaction is completed.

Students Experiencing Homelessness - McKinney-Vento Act

No fine or fee shall be charged to a student identified as a student experiencing homelessness unless it is determined that the student has the ability to pay the fee or fine and that its imposition does not create a barrier to the student's ability to enroll, or attend school, achieve academic success, or cause the student to be identified as experiencing homelessness. Any dispute regarding a fine or a fee that is imposed shall not delay the student's enrollment or serve as a barrier to enrollment by delaying the transfer of student records to another academy or school district if applicable.

Immediate enrollment notwithstanding fines or fees shall be extended to extra-curricular and co-curricular activities as well as to academic programming.

PUBLIC RECORDS

Reference: MCL 15.231 et seq.
MCL 445.81 et seq.
Michigan Federation of Teachers v. University of Michigan, 481 Mich. 657 (2008)

The Board of Education recognizes its responsibility to maintain the public records of this School and to make such records available to residents of Michigan for inspection and reproduction.

The public records of this School include any writing or other means of recording or retaining meaningful content prepared, owned, used, in the possession of, or retained by the School, its Board, officers, or employees, subject to certain exemptions according to the Michigan Freedom of Information Act (FOIA). The Academy shall not disclose the confidential address of a student or of an employee who has provided proper notice of a participation card issued by the department of the attorney general under the Address Confidentiality Program Act.

Any person may make a written request for any public records of the School. The person may inspect, copy, or receive copies of the public record requested. The School shall respond to such requests within five (5) working days after receipt unless otherwise agreed to in accordance with the Freedom of Information Act.

An individual may purchase copies of the School's public records upon payment of a fee. No original public record may be removed from the office in which it is maintained except by a Board officer or employee in the course of the performance of his/her duties. Neither the Board nor its employees shall permit the release of the social security number of an employee, student, or other individual except as authorized by law (see Policy 8350 and AG 8350).

The Board chooses not to provide for enhanced access to any of its public records.

The Board has determined that personal and confidential information provided to and retained by the School on parents, students, staff and others will be considered exempt from disclosure pursuant to a Freedom of Information Act request, unless advised specifically by the School's legal counsel that the particular information must be released. Such personal and confidential information shall include home addresses, telephone numbers, e-mail addresses or website pages (e.g. My Space, Facebook), except as they are specifically related to the operation of the schools, or specifically authorized for release by the individual, or the parent/guardian if the individual is a minor.

Nothing in this policy shall be construed as preventing a Board member from inspecting in the performance of his/her official duties any record of this School, except student records and certain portions of personnel records.

The Superintendent is authorized to dispose of correspondence on a daily basis including those transmitted by means of voice mail or E-mail, providing the message does not alter existing School records.

The Superintendent is responsible for transmission of data contained in the single record student data base established by the Michigan Department of Education. Such transmission shall be in accordance with procedures established by the Traverse Bay Area Intermediate School District and the Center for Educational Performance and Information (CEPI).

The Superintendent shall establish administrative guidelines to ensure proper compliance with the intent of this policy and the Freedom of Information Act.

STUDENT RECORDS

Reference: MCL 380.1135
Letter, April 6, 2004 Jeremy Hughes, Deputy Supt. Department of Education
34 C.F.R. Part 99, 2002
Section 444 of subpart of part C of the General Education Provisions Act
Title IV of Public Law 90-247
20 USC, Section 1232f through 1232i (FERPA)
20 USC 1400 et seq., Individuals with Disabilities Education Improvement Act
20 USC 7165(b)
26 USC 152
20 USC 7908

In order to provide appropriate educational services and programming, the Board of Education must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard student's privacy and restrict access to student's personally identifiable information.

If the parent or legal guardian of a student provides the School with notice that s/he/they have received a participation card issued by the attorney general under the address confidentiality program act, the School shall not disclose the confidential address of the student, regardless of any other provision of this policy. The Superintendent, or his or her designee, shall develop a process to ensure that a student's participation in the address confidentiality program act is appropriately noted to avoid disclosure of this information to any person or entity.

Student "personally identifiable information" ("PII") includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the School reasonably believes knows the identity of the student to whom the education record relates.

The Board of Education is responsible for maintaining records of all students attending this School. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the School or specifically permitted by this Board will be compiled by Board employees. The Board hereby authorizes collection of the following student records, in addition to the membership record required by law:

- A. observations and ratings of individual students by professional staff members acting within their sphere of competency
- B. samples of student work
- C. information obtained from professionally acceptable standard instruments of measurement such as achievement tests.
- D. authenticated information provided by a parent or eligible student concerning achievements and other school activities which the parent or student wants to make a part of the record
- E. verified reports of serious or recurrent behavior patterns

- F. attendance records
- G. health records
- H. custodial arrangements

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated school officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term "parents" includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term "eligible student" refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student's educational records unless stipulated otherwise by court order. In the case of eligible students parents will be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

A School official is a person employed by the Educational Service Provider as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); and a person serving on the Board. The Board further designates the following individuals as entities as "school officials" for the purpose of FERPA:

- A. persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant);
- B. contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online Educational Service Providers).

The above-identified outside parties must (a) perform institutional services or functions for which the Board would otherwise use its employees, (b) be under the direct control of the Board with respect to the use and maintenance of education records, and (c) be subject to the requirements of 34 CFR 99.33(a) governing the use and re-disclosure of PII from education records.

Finally, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers) is also considered an "School official" for purposes of FERPA provided s/he meets the above-referenced criteria applicable to other outside parties.

"Legitimate educational interest" shall be defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the School" or if the record is necessary in order for the school official to perform an administrative, supervisory or

instructional task or to perform a service or benefit for the student or the student's family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that school officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

- A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this School seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;
- B. forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a public school or school Board in which a student in foster care is enrolled. Such records shall be transferred within one (1) school day of the enrolling school's request;
- C. provide "personally-identifiable" information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;
- D. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and School officials for their consideration;
- E. release de-identified records and information in accordance with Federal regulations;
- F. disclose personally identifiable information from education records, without consent, to organizations conducting studies "for, or on behalf of" the School for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instruction;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the School will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.) Further, the following personally identifiable information will not be disclosed to any entity: a student or his/her family member's social security number(s); religion; political party affiliation; voting history; or biometric information.

This written agreement must include:

1. specification of the purpose, scope, duration of the study, and information to be disclosed;
2. a statement requiring the organization to use the personally identifiable information only to meet the purpose of the study;
3. a statement requiring the organization to prohibit personal identification of parents and students by anyone other than a representative of the organization with legitimate interests; and
4. a requirement that the organization destroy all personally identifiable information when it is no longer needed for the study, along with a specific time period in which the information must be destroyed.

While the disclosure of personally identifiable information (other than social security numbers, religion, political party affiliation, voting record, or biometric information) is allowed under this exception, it is recommended that de-identifiable information be used whenever possible. This reduces the risk of unauthorized disclosure.

- G. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)

The School will verify that the authorized representative complies with FERPA regulations.

- H. request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (*if required*).

Upon written request by a student's parent or legal guardian, the School shall disclose to the parent or legal guardian any personally identifiable information concerning the student that is collected or created by the School as part of the student's education records.

If the School provides any personally identifiable information concerning the student that is collected or created by the School as part of the student's education records to any person, agency, or organization, then the School shall disclose to the student's parent or legal guardian upon his or her written request:

- A. The specific information that was disclosed.
- B. The name and contact information of each person, agency, or organization to which the information has been disclosed.
- C. The legitimate reason that the person, agency, or organization had in obtaining the information.

This information shall be provided without charge within 30 days after the School receives the written request and without charge to the parent or legal guardian.

The School is not required to disclose to the parent or legal guardian, even upon written request, any personally identifiable information concerning the student that is collected or created by the School as part of the student's education records and is provided to any person, agency, or organization in any of the following situations:

- A. Provision of such information to the Michigan Department of Education or CEPI.
- B. Provision of such information to the student's parent or legal guardian.
- C. Provision of such information to its authorizing body or to an educational management organization with which it has a management agreement.
- D. Provision of such information to or from its intermediate school board or to another intermediate school board providing services to the School or its students pursuant to a written agreement.
- E. Provision of such information to a person, agency, or organization with written consent from the student's parent or legal guardian or, if the student is at least age 18, the student.
- F. Provision of such information to a person, agency, or organization seeking or receiving records in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction.
- G. Provision of such information as necessary for standardized testing that measures the student's academic progress and achievement.
- H. Provision of such information that is covered by the opt-out form described above, unless the student's parent or legal guardian or, if the student is at least age 18 or is an emancipated minor, the student has signed and submitted the opt-out form referenced below.

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student, the written consent of the student, except those persons or parties stipulated by the Board policy and administrative guidelines and/or those specified in the law.

The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Directory Information

Each year the Superintendent shall provide public notice to students and their parents of the School's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information":

- A. a student's name;
- B. Address (except for students participating in the address confidentiality program act);
- C. telephone number;
- D. date and place of birth;

The Superintendent will also develop a list of uses for which the School commonly would disclose a student's directory information and develop an opt-out form that lists all of the uses or instances and allows a parent or legal guardian to elect not to have his or her child's directory information disclosed for 1 or more of these uses.

Each student's parent or legal guardian will be provided with the opt-out form within the first 30 days of the school year. The form shall also be provided to a parent or legal guardian at other times upon request.

If an opt-out form is signed and submitted to the School by a student's parent or legal guardian, the School shall not include the student's directory information in any of the uses that have been opted out of in the opt-out form. A student who is at least age 18 or is an emancipated minor may act on his or her own behalf with respect to the opt-out form.

Parents and eligible students may also refuse to allow the School to disclose any or all of such "directory information" upon written notification to the School within seven (7) days after receipt of the School's public notice.

Armed Forces Recruiting

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, Academy-assigned email addresses (if available) (except for students participating in the address confidentiality program act), and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student's

directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student's directory information. The Board shall ensure that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Public notice shall be given regarding the right to refuse disclosure of any or all "directory information" including to the armed forces of the United States and the service academies of the armed forces of the United States.

A fee, not to exceed the actual costs incurred by the high school, for copying and mailing student directory information under this section, may be charged an official recruiting representative.

Directory information received under armed services authorization request shall be used only to provide information to students concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives student directory information under this section shall not release that information to a person who is not involved in recruiting students for the armed forces of the United States or the service academies of the armed forces of the United States.

Annually the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

Requests to the School Records Officer shall be presented on a standardized form developed by the armed forces of the United States requesting access to a high school campus and a time for the access. Requests should bear the signature of the ranking recruiting officer of the armed service making the request.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's education records or for the release of "directory information", either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the Superintendent shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information" on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The School shall not sell or otherwise provide to a for-profit business entity any personally identifiable information that is part of a student's education records. This does not apply to any of the following situations:

- A. Providing the information to an educational management organization with which the School has a management agreement.
- B. Providing the information as necessary for standardized testing that measures the student's academic progress and achievement.
- C. Providing the information as necessary to a person that is providing educational or educational support services to the student under a contract with the School.

The parent of a student or an eligible student has the right to inspect upon request any instrument used in the collection of personal information before the instrument is administered or distributed to a student. Personal information for this section is defined as individually identifiable information including a student or parent's first and last name, a home or other physical address (including street name and the name of the city or town, unless a parent is prohibited from doing so due to a student's participation in the address confidentiality program act), a telephone number, or a Social Security identification number. In order to review the instrument, the parent or eligible students, must submit a written request to the building principal at least ten (10) work days before the scheduled date of the activity. The instrument will be provided to the parent within ten (10) business days of the principal receiving the request.

The Superintendent shall directly notify the parent(s) of a student and eligible students, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when such activities are scheduled or expected to be scheduled.

This section does not apply to the collection, disclosure or use of personal information collected from students from the exclusive purpose of developing, evaluating, or providing educational products or service for, or to, students or educational institutions, such as the following:

- A. college or other postsecondary education recruitment, or military recruitment;
- B. book clubs, magazines, and programs providing access to low-cost literary products;
- C. curriculum and instructional materials used by elementary and secondary schools;
- D. tests and assessments used by elementary and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- E. the sale by students of products or services to raise funds for school-related or education-related activities; and
- F. student recognition programs.

The Board may establish online access for the parents or the eligible student to the student's confidential academic and attendance record. To authorize such access, the parents or the eligible student must sign a release (see Form 8330 F10). This release shall remind the parents or eligible student that the account and confidential information about the student is only as secure as they keep their account information. Neither the School nor its employees will be held responsible for any breach of this policy by the parent/eligible student or any unauthorized party.

The Superintendent shall prepare administrative guidelines to ensure that students and parents are adequately informed each year regarding their rights to:

- A. inspect and review the student's education records;
- B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student's rights;

- C. consent to disclosures of personally-identifiable information contained in the student's education records, except to unauthorized disclosures allowed by the law;
- D. challenge the Board's noncompliance with a parent's request to amend the records through a hearing;
- E. file a complaint with the United States Department of Education;
- F. obtain a copy of the Board's policy and administrative guidelines on student records.

The Superintendent shall also develop procedural guidelines for:

- A. the proper storage and retention of records including a list of the type and location of records;
- B. informing employees of the Federal and State laws concerning student records.

The Board authorizes the use of the microfilm process or electromagnetic processes of reproduction for the recording, filing, maintaining, and preserving of records.

No liability shall attach to any member, officer, or employee of this School specifically as a consequence of permitting access or furnishing student records in accordance with this policy and regulations.

Any entity receiving personally identifiable information pursuant to a study, audit, evaluation or enforcement/compliance activity must comply with all FERPA regulations. Further, such an entity must enter into a written contract with the Board of Education delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program, and must also provide assurances that the personally identifiable information will not be re-disclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board of Education. See Form 8330 F14 and Form 8330 F16 for additional contract requirements.
