## Individual Communication Regarding Concerns- Student and School Staff Members

- **STEP 1:** Students should communicate and self-advocate first with the staff member closest to the problem they're having. The student and staff member will try to verbally (or via email) solve the problem together. These discussions should be respectful, honoring, and solution-oriented.
- **STEP 2:** If a student feels that their concern or problem did not become resolved, the parent/guardian may become involved. At this time, the parent/guardian should email the teacher and/or the Head of School.

## Individual Communication with Parents/Guardians

- We will email the parent(s) with information that is not time-sensitive.
- We will call the parent(s) with any time-sensitive information. Please be sure we have multiple points of contact for time-sensitive, emergency situations.

  - Minor Concerns- we will email the parent.
  - Major or Recurring Concerns- we will call *and* email the parent.
